FROM

P PARTHASARATHY Esq, LMS BSSC, LRCP LRCS DTM DPH  
Director of Public Health with the Government of  
His Highness the Maharaja of Mysore Bangalore

TO

- VIII -  
The Secretary to Government,  
Law Department, Bangalore.

SIR,

Adverting to Government Order No L.10619-20/ML.100-39-29, dated, 28-6-1940, sanctioning certain additional grants in respect of the Shimoga, Bowringpet, Sagar and Mandya Water-Works and the Purchase of a pumping set for the Channapatna Water Supply, by reappropriation of the available water supply grant and calling for a detailed report etc, I have the honour to furnish the following information.

1 Improvement of Shimoga Water Supply: No revised estimate is necessary since there is no excess over the amount of the sanctioned estimate.

2 Water Supply to Bowringpet - There has been no excess over the estimate - The deviations from the sanctioned estimate are being incorporated in a modified estimate.

3 Sagar Water Supply: The additional amount was requested to meet the expenditure that was already incurred in connection with the sinking of the trial well etc., and the revised estimate for Rs 77,646/- for the main project was submitted to Government and Government have since passed orders in their No. L.4478-81/ML 110-39-147 dated 10-12-40 sanctioning the sinking of a borewell at the junction of the Sanmanehalla with the Varada valley at an estimated cost of Rs.1,000/-, the revised estimate being taken up for consideration later on.

4 Water Supply to Mandya Town The revised estimate has been sanctioned in Government Order No L 1627-29/ML 100-39-34, dated,

3rd August 1940 and the allotment of Rs 1976/- was given by Government as the moiety towards the excess of the amount of the revised estimate over that of the original sanctioned estimate

5 Purchase of a Pumping set for Channapatna Water Supply The estimate for this has been sanctioned by this office

With regard to the other works for which grants were requested in this office letter No C 1117-89 dated 5/6th June 1940, the following information is furnished

1 Nanjangud Drainage Additional Grant asked for was Rs 220/- The amount of the sanctioned estimate is Rs 12,103/- The Government grant for the years 1937-38 and 1938-39 was Rs 3,000/- each year The outlay booked was Rs. 2,997-9-10 for 1937-38 and Rs 2,834-15-1 for 1938-39 totalling to Rs 5,832-8-11 Out of the municipal contribution of Rs 6,050, outlay of Rs 6248-10-14-11 was incurred resulting in a debit of Rs 198-14-11 to O B A As the total outlay was Rs 12,081-7-11 there is no excess over the amount of the sanctioned estimate

But the expenditure to the extent of the Government grant could not be worked during the years 1937-38 and 1938-39 so that out of the grant of Rs 6,000/-, only Rs 5,832-8-11 was booked during the two years and a sum of Rs 167-7-1 was allowed to lapse

To cover the Government grant completely and calculated at 50% of the outlay, the Government grant in respect of the work should have been Rs 6,040/- Deducting the actual outlay of Rs 5,833 (in round figures) from the amount of Rs 6,040, the balance amount required would be Rs 207/- and it is requested that the amount of Rs 168/- which is in the O B A as reported by the Sanitary Engineer and which is less than the sum due by Government as their share (viz, 207) may kindly be sanctioned during the current year in order to enable the accounts being closed

2 Tarikere Drainage Scheme Rs 2,387 This amount has

already been allotted out of the funds for the improvement of towns and municipalities in the State as per Government order No L 1518-20/MI 51-39-207 dated 20-8-1940 and hence

no further amount is required at present

3 Anti-malaria works at Sakrepatta A sum of Rs 313 is

required in order to settle the final claims of the contractor who did the anti-malaria works at Sakrepatta It is requested that this sum may kindly be allotted, as an additional grant

4 Constructing dwelling houses to Adikarnatakas in

Chitaldrug Rs 347 The amount actually required viz Rs 313/- has already been provided under G O No L 8789-9/MI 99-39-112

dated 13-4-40, hence no further amount is required at present

5 Arsilkere Drainage Scheme Rs 1,593/- This amount

has been sanctioned in G O No L 3039-41/MI 111-39-23 dated

24-10-40 and hence no further amount is required at present

6 Hassan Drainage Rs 2,000/- Though this amount was

asked for and provided during the year 1938-39 expenditure upon

the same was not booked Government have been providing funds

for the successive stages of drainage of Hassan year after

year and a further sum has been requested to be provided during

the year 1941-42 for the next stage of Hassan drainage A

sum of Rs 2,000/- is required in order to pay the pending bills

and adjust the amount under O B A for the first and second stages

of Hassan drainage and it is requested that this sum may kindly

be provided in order to enable the old claims being settled

Copies of letters No 613 and 1586 dated 2-11-40 and

26-4-41 respectively of the sanitary engineer furnishing the

above information are enclosed for the information of Government

I have the honour to be,

Sir,

Your most obedient servant,

Director of Public Health

Letter No 613 Dated 2nd November 1940 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

-----

Re the revised final estimates of the works for which additional grants were requested

With reference to correspondence ending with your letter No C 1117-93R dated 6th September 1940 reminding this office about your memo dated 29th June 1940 forwarding copy of the Government Order dated 23rd June 1940 sanctioning the re-appropriation of certain water supply grants, I have the honor to state as follows

1 IMPROVEMENT OF THE OLD WATER SUPPLY

The work is still under progress according to the sanctioned estimate, and no revised estimate is necessary since there is no excess over the amount of the sanctioned estimate

2 WATER SUPPLY TO BOVRINPET

There has been no excess over the estimate. The deviations from the sanctioned estimate are being incorporated in a modified estimate which is under preparation

3 SAGAR WATER SUPPLY

The amount was requested to meet the expenditure that was already incurred in connection with the sinking of the trial well etc., and the revised estimate for the main project itself has already been submitted in this office letter No 1867 dated 16th May 1940

4 WATER SUPPLY TO KANDYA POND

The revised estimate has been sanctioned in Government Order No L 1627-29 ML 100-39-34 dated 3rd August 1940 and the allotment of Rs 1,976 was given by Government as the moiety towards the excess of the amount of the revised estimate over that of the original sanctioned one

p t o

5. PROVIDE A SUMMARY OF THE CURRENT STATUS  
OF THE

The estimate for Rs 3,600/- has already been sanctioned in Director of Public Health's letter no C 849-1, dated 16th July 1940

✓ Director of Public Health

Letter No 1586 dated 24th April 1941 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

-----

With reference to your letter No C 1117-111 dated 2nd February 1941, regarding the detailed report in respect of certain drainage works for which additional grants were asked for in this office letter No 1922 dated 24th May 1940, I have the honour to state as follows -

1 Nanjangud drainage - Additional grant asked for and Government gave a grant of Rs 220/- The amount of the above estimate as sanctioned is Rs 12,103 / Rs 3,000/- during the year 1937-38 and Rs 3,000/- during 1938-39 But the outlay booked against them are respectively, Rs 2,297-9-0 and Rs 2,834-15-1 totalling to Rs 5,832-8-11 The municipal contribution received for this work is Rs 6,050/- against which an outlay of Rs 6,248-14-11 has been incurred resulting in a debit of Rs 198-14-11 to O B A The total outlay upon the work has thus been Rs 12,081-7-11 against the estimated cost of Rs 12,103/- so that there is no excess over the amount of the estimate But against the Government grant of Rs 6,000/- given, the outlay booked has been Rs 5,832-8-11 resulting in a sum of Rs 167-7-1 being allowed to lapse The expenditure to the extent of Government Grant could not be incurred during the years 1937-38 and 1938-39 To cover the Government Grant completely and calculated at 50% of the total outlay, the Government grant required would be Rs 6,040/- Deducting the actual outlay of Rs 5,833/- (in round figures) from this, the balance amount required would be Rs 207/- and it is requested that the amount of Rs 168/- which is in O B A , and which is less than this sum of Rs 207/- may kindly be sanctioned during the current year in order to enable the accounts being closed The amount of Rs 220/- was originally asked for to make up the Government grant to Rs 6,053/-

2 Tarikere drainage scheme - Rs 2,387/- This amount has already been allotted out of the funds for the improvement of towns and municipalities in the state as per

Government Order No L 1518-20/M1 51-39-207 dated 20th August 1940 and hence no further amount is required at present

3 Antimalaria works at Sakrepatna - A sum of Rs 313/- is required in order to settle the final claims of the contractor who did the anti-malaria works at Sakrepatna and it is requested that this sum may kindly be allotted out of the sum allocated for anti-malaria works during the current year

4 Constructing dwelling houses to Adikarnatakas in Chitaldrug - Amount - Rs,347/- - The amount actually required viz , Rs 313/- has already been provided vide your letter No - C 565-19 dated 22-4-1940 and hence no further amount is required at present

5 Arsikere drainage scheme - Rs 1,593/- This amount has been sanctioned in Government Order No L 3039-41/M1 111-39-23 dated 24-10-1940 and hence no further amount is required at present.

6 Hassan Drainage - Rs 2,000/- - Although this amount was asked for and provided during the year 1938-39 expenditure upon the same was not booked as has already been reported in this office letter No 1116 dated 15/16-1-1941 Government have been providing funds for the successive stages of drainage of Hassan year after year and a further sum has been requested to be provided during the year 1941-42 during the year 1941-42 for the next stage of Hassan drainage A sum of Rs 2,000/- is required in order to pay the pending bills and adjust the amount under O B A for the first and second stage of Hassan drainage and it is requested that this sum may kindly be provided in order to enable the old claims being settled. As an alternative, it is recommended that orders may be given to pay the bills out of the grants given for the work during the current year. This arrangement will enable the pending bills being paid and accounts closed The amount actually required to make up one half of the outlay on the work may be given as and when funds are available.
